I don't have many regrets in life, but I have some that I would like to tell you about. When I was young, I didn't really like school so much. But If I had ____ (study / studying / studied) more and got a good education, I ____ (will have / would have / would has) a better job now. Also, when I was around 14, I started smoking. I really wish I ____ (hadn't / hasn't) started, because then I ____ (would / wouldn't / won't) have a bad chest cough now. The only other regret I have is not taking the opportunity to travel. If I had ____ (travelling / travelled / travel) more, I would have a better understanding of different cultures around the world. Anyway, those are my regrets, so from now I am working hard to change and improve myself for the better.
